Head to the **Urgent Treatment Centre** at the Royal South Hants Hospital if you have an injury or illness that is not life/limb threatening. ## SEEING A NURSE, HEALTHCARE ASSISTANT OR DOCTOR

Please contact reception to make an appointment to see a Nurse, Healthcare assistant or Doctor. You may see the next available doctor, or if you wish to see a particular doctor, you will have to wait until their next available appointment.

## URGENT APPOINTMENTS

If you have a medically urgent problem, which cannot wait until the next available appointment, we will do our best to offer you an appointment on the same day. When you ask for such an appointment, you **must** be sure that your condition is so severe or problematic that it cannot possibly wait. Please ring the surgery at 8:30 for an urgent appointment.

## ARRIVING LATE & MISSING APPOINTMENTS

If you know you are going to be unable to make your appointment time, please call us so that we can offer the appointment to someone else. If you miss multiple appointments, you **will** be asked to leave the practice. All appointments cost the NHS money and the GP and Nurses time is very valuable.

## HOME VISITS

If you are unable to come to the surgery a doctor will assess your request for a home visit on medical grounds only. The doctor may reject the request if the medical grounds are insufficient. Please call reception before 11:00 to request a home visit.
